### **Seminary - SEMISUD**

The Church of God seminary in Quito trains and prepares pastors and missionaries for all of South America. Students with a strong call of God upon their lives come and receive theological training and spiritual formation.

Bobby directs the Transcultural Studies program which prepares students who are called to go into the mission field. These students are willing to go into some of the most dangerous and least evangelized areas of the world.

**You can help by funding their training!**

### **Children's Ministry**

Poverty runs rampant in Ecuador. The streets of Quito are filled with children who live and work on the streets. Our prayer is that sharing the hope of Christ will make a difference in their lives. We teach Bible lessons, hold Kids Crusade services and work alongside other ministries that provide meals and other services.

For 2010, Tamitha is developing children's ministry curriculum and training series to be given to churches who have NO Sunday school.

**You can help provide Sunday school for a church!**

### **Church Development**

Ecuador is evangelically starved but this IS changing! Once they encounter Christ, Ecuadorians tend to be SOLD OUT and passionate for Christ. Many new churches are forming in these communities. The pastors and leaders in these churches desperately need Biblical training. Currently, we work with them sharing training in children's ministry, spiritual growth and discipleship.

In 2010, we will begin a new initiative to PLANT 50 NEW CHURCHES in Quito using students from SEMISUD as pastors. We are excited about the new harvest of souls that God has planned.

**You can help plant a church!**

### **Who are we?**

We are originally from Alabama. We served as inner city missionaries in Atlanta before moving overseas to work in Ecuador. We are passionate about sharing the love of God with those often forgotten. We appreciate every person who prays for us and supports us by whatever means possible.

In Christ,

*Bobby, Tamitha, Jonathan + Jordan*
